2710 N. FARM ROAD 137 • SPRINGFIELD, MO 65803

INVESTMENT OVERVIEW

Lakewood Mobile Home Park is a 3-star, all age, 172 site MH community located in Springfield, Missouri. Situated on 36.23 acres of land, the park consists of 172 manufactured home sites and 2 Single Family Residences (one 2 Bedroom and one 3 Bedroom) built in 1931. The developed community is situated on 29 acres with a density of 5.93 sites per acre. There is approximately 7 excess acres for future development. The park is conveniently located in the northwest sector of Springfield and is close to all major city amenities.

The site is served by municipal water, sewer, natural gas, overhead electrical service, telephone and cable television. The gas lines are owned by the city, and the City owns the meters and does all billing. All of the sites are connected to City water. There are 50 sites that have flexible hard rubber water lines. This product has been in place for years and accommodates natural subsidence better than PUC or galvanized pipe. Tenants pay for electricity and natural gas and the owner furnishes water, sewer and trash pickup. The water may be submetered and billed to the residents based on usage by the new owner. Sewer could also be billed based on water consumption and trash can be billed on a per site basis by the new owner.
