INVESTMENT OVERVIEW

Yorkshire Park is a 30-space senior manufactured home community with all city services located in Reno, Nevada. Twenty-seven of the sites are occupied with double-wide homes and there are three sites with single-wide product. Built in 1989, Yorkshire is one of the newest communities in Northern Nevada and is currently owned by the original developer. The park sits on 4.77 acres and yields a density of 6.28 sites per acre. It is located approximately six miles north of downtown Reno and has immediate access to Interstate 395 and North Virginia Street. Yorkshire has a tranquil and quite setting with easy access to the amenities offered by Reno and Lake Tahoe.

Yorkshire is currently 100 percent occupied, and the current rent level is \$460. The tenants are direct billed for electric, water and gas. The owner is responsible for the sewer and trash costs. The lush high-Sierra landscaping gives Yorkshire a quite mountain town setting. The streets are in excellent condition with cement rolled curb and gutters. There is overhead street lighting and block wall perimeter fencing. All of the homes were built with significant setbacks and many of homes have permanent, overhanging carports giving the community a stick built neighborhood feel.
